EDITORIAL

Our "high tourist season" went well even though the weather was a bit unpredictable this summer. The intense heat accompanied the "Medieval Festival". July was not always a pleasant month, while June was very hot... It is clear that we will have to adapt as best we can to these differences which, a priori, will punctuate our daily lives.

There were still many holidaymakers, but turnover suffered from the "instability" of the general context and... the temperatures!

I would like to thank again and again all the volunteers thanks to whom the summer activities and events continue and take on professional dimensions while remaining friendly.

Our return to school, with a record participation for the Foulées Monflanquinoises, also went well both at the level of schools and leisure, cultural and sports associations.

On the sports field, stadium lighting is currently being installed, as is the City Stadium on the former basketball court. We should officially inaugurate it on St. Andrew's Day.

We decided with the head of the central kitchen, Alexandre PREZ and all the school stakeholders to set up two catering services during the lunch-two.

This measure was made possible thanks to the intervention of young people on work-study programs at the BHAP 4 cantons rugby club. Combined with the soundproofing of the Levant room, it offers greater comfort to children and supervisory staff.

Work at "La Tonnelle" and 32, rue de l'Union should also begin shortly, even though, as I have already said and written, "the timescales of the administration and those of elected officials do not often coincide." As a reminder, we voted on the agreement with the Établissement Public Foncier de Nouvelle Aquitaine in 2021. France Services was installed at 32, rue de l'Union in 2021, and we knew that energy renovation work would be necessary. The first grant application file dates from December 2020.

On September 21st, at the Coulon rugby stadium, a tribute was paid to a "Monflanquinois of stature", Robert GALLET, who left us this summer and whom we will not forget.

This August, we were very touched by the visit of the ALFARAJ family whom we welcomed upon their arrival from Syria in 2017. The whole family is doing well, the children are continuing their studies and the older ones are now owners of a garage in the Paris region.

Two anniversaries marked the beginning of this month of September 2025:

- The 90th anniversary of the Monflanquin fire station in the presence of the Deputy Prefect of the Villeneuve-sur-Lot district, Dalila ZANE, as well as the vice-president of the SDIS, Marcel CALMETTE.

- The 40th anniversary of the VITAMONT company, in the presence of the Deputy Prefect, Guillaume LEPERS, MP for the constituency, the President of the Departmental Council, Sophie BORDERIE, the two departmental councilors and the president of the CCBHAP. Also present were Eric BOCQUIER, director of VITAMONT, the founding president of Léa Nature, Charles KLOBOUKOFF and Alain BRUGALIERES, founder of the Monflanquin company.

This end of September, we were invited for the 3rd year to the Nicolaos Tselementes gastronomic festival in Siphnos.

The twinning committee is increasingly welcoming new members, and we thank them for their involvement and for organizing the trip. We will be hosting a delegation from this beautiful Greek island in the western Cyclades for this St. Andrew's Day 2025.

The furniture in the town hall reception area has been updated. It is now much more ergonomic and suitable.

I would like to warmly thank Carole IRIGOYEN, Michel REIGNE and Valentin, president of the association "l'univers de Léo" for offering us the beautiful photo of Léo, "the bumblebee", public prize at St André 2024. It has found its place at the town hall reception.

We always regret the closure of businesses, especially in the heart of the village, which we do our best to "protect." They are, throughout the year, an integral part of village life. This is why it is very important to remain attentive to consuming local products and to continue to support our local businesses and artisans. I thank you for this.

I wish you all the best for the end of the year and look forward to meeting you at the Bastide Festival on October 25 and 26, and at St Andrew's Day 2025, which will begin on Friday, November 28.

Nathalie FOUNAUD-VEYSSET

A landmark ceremony for the 90th anniversary of the fire station

On September 6, 2025, the 90th anniversary of the Monflanquin fire station was commemorated. For this occasion, Pierre CALVET, known as PIPO, honorary captain, and Thierry MONTURET, chief warrant officer, had prepared a wonderful retrospective. It allowed us to follow the evolution of the premises and equipment. All the names of the various center managers were cited, and a well-deserved tribute was paid to Mrs. PENIN.

During this ceremony, Pierre CALVET and Thierry MONTURET were decorated with the Departmental Union medal of honor.

17th Monflanquin Leisure Gymnastics Gala, a highlight of the season!

The 17th Gym Forme Loisir Monflanquin Gala was held last June in a warm atmosphere, despite particularly summery weather. This annual event once again attracted a large crowd who came to watch the gymnasts perform, all of whom are making significant progress.

Under the dynamic direction of Fabienne LEFAY and Lucie DAUNIS, the participants offered a lively, varied, and passionate performance. The young athletes' energy and enthusiasm were praised by the spectators, who were delighted to discover the fruits of a year's work and training.

Also noteworthy were the excellent results at the end of the season, demonstrating the gymnasts' commitment and dedication throughout the year. Congratulations to everyone for these great performances!

Note the very good results at the end of the season during the Aquitaine Cup at Pian-Médoc:

- ÿ Level 8 (7-9 years): Marley DRYLAND achieved a great performance, finishing in 4th place.
- ÿ Level 7 (7-9 years): the team achieved a remarkable 3rd place in the overall ranking, and Hanna KUSCHNER rose to 4th place individually.

ÿ Level 7 (9-11 years old): congratulations to Emma DRYLAND who came in 1st place and won the Aquitaine Cup!

The courses, similar to those of last year and perfectly dry, allowed the runners to achieve very good times.

In the 12 km, which saw 191 finishers, the women's victory went to Amélie Navarre, who won by just 3 minutes, in 1 hour 01 minutes.

The 20 km long course (with a 350 m elevation gain) was the scene of a feat: Matteo BLESZ, a young athlete from Gers, broke the event record in 1 hour 21 minutes, leaving the 141 runners at the start far behind.

The 5 km race brought together 51 participants, while 70 walkers enjoyed the exceptional setting of our region. Finally, around fifty children also took part in this wonderful morning of sport.

All participants were able to enjoy a visit to the village, crossing our local landscapes and admiring magnificent residences and castles.

The event took place in a warm and friendly atmosphere, without any errors, thanks to a well-oiled organization.

Co-presidents Patrice MARQUIS and Laurent DAROT would like to warmly thank the fifty or so volunteers who were essential to the smooth running of the day. A special nod to Quad Évasion 47, a loyal partner since the creation of the Foulées.

On Sunday, September 7, the Coulon site vibrated to the rhythm of the 18th Foulées Monflanquinoises, a sporting event that has become a must in our town. In ideal weather, nearly 400 participants took part in the various events, breaking the participation record!

Brand new posts have just been installed by the Méricoux construction company, just in time for the start of the new sports season.

Review of the summer season at the municipal swimming pool

As every year, the municipal swimming pool opened its doors on the last weekend of June to welcome swimmers until August 31.

At reception, Hélia RABOT and Éponine MERIGOT managed the entrances, while lifeguards Francis ANDRAC and Gérard SOBRINO were in charge of monitoring the pools, supported by Enrico BERNARDINI, lifeguard. The municipality warmly thanks them for their professionalism and dedication throughout the season.

In terms of attendance, the swimming pool recorded:

- 2,860 entries in July
- 4,586 entries in August

This represents a total of 7,446 entries for summer 2025.

By comparison, the 2024 season recorded 10,483 admissions, an exceptional figure linked to the temporary closure of the swimming pool at the Pierre et Vacances residence. The comparison with 2023 (7,709 admissions) is therefore more relevant: attendance in 2025 shows a slight decrease of 263 admissions.

Despite this reduction, the pool remains an essential place of conviviality and relaxation for locals and vacationers alike. We hope that the 2026 season will be even sunnier and more popular!

Robert GALLET has just left us at the age of 78.

Everyone knew Robert, who was — and still was — a volunteer with 4CantonsBHAP.

He started playing rugby with the Monflanquin junior team in 1966, but spent most of his rugby career at the nearby Saint-Aubin club, after marrying Dany, a Saint-Aubinoise. In the 1990s, he returned to his favorite club, US Monflanquinoise, to play for a few years with his childhood friends.

Everyone remembers the player Robert GALLET: an impressive build from a young age, a true force of nature. He played "up front," preferably as a number 8, but didn't hesitate to play as a prop!

He was an exemplary and respected player on all the pitches of Périgord-Agenais.

Since the 2000s, he has remained close to the club, notably joining the first "kitchen" team. In 2014, following the death of Jean-Luc BOISSERIE, president of USM, he became co-president of the club alongside Bertrand PAILLÉ and Laurent DELPIT.

Robert was a loyal supporter of the 4 Cantons BHAP club, whose values he shared and appreciated: commitment, solidarity and conviviality.

Robert GALLET remains a fine Monflanquin personality. He was very attached to his community. We thank his family for coming to the rugby match of federal 1, 4 cantons BHAP / Bergerac in Monflanquin where a heartfelt tribute was paid to him.

“La Marguerite” Hike

On September 21st, the "La Marguerite" hike took place despite the rain, with three beautiful routes prepared by the departmental committee and the walkers from the bastides. Thanks to the FFRandonnée 47 and the team of walkers from the bastides chaired by Marie-Claude DELCAILLOU.

Although the weather limited participation, the conviviality and good humor remained. Congratulations to the hikers who braved the elements to share this sporting and friendly moment!

ON THE ASSOCIATIONS SIDE

Culture

A beautiful closing for the Monflanquin Baroque Evening Festival

On Friday , August 1st , the Monflanquin church was sold out for the closing concert of the **Baroque Evenings festival**, which was dedicated this evening to two giants of European music: **Georg Friedrich Handel** and **Antonio Vivaldi**, both deeply connected to Italy and the city of Venice. The audience was able to appreciate the quality of their powerful and expressive music.

This concert also marked a **symbolic passing of the torch** within the association **Les Soirées Baroques de Monflanquin**. After three years of passionate commitment as president, **Daniel Mathé** passed the torch to **Bernard Berthoumieux**, who was praised by the team and the public for his dedication.

The date has already been set for the 25th edition of the festival, in 2026, which promises to live up to this quarter of a century of music, sharing and emotion.

A look back at a lively summer in the heart of the bastide

Once again, the summer season was full of emotions, discoveries and encounters.

From June onwards, there were plenty of opportunities to go out! Arts Festival, GEM plastic arts exhibitions, Music Festival, Saint John's Fire, the 60th anniversary of the MJC, not to mention the opportunities to feast at the Marche Dînatoire or at the farmers' market.

The programming of the festivities is built during the winter: scheduling agendas, studying proposals from associations and various cultural stakeholders, planning technical needs, checking financial feasibility and the availability of municipal agents... And keeping a little space in the calendar to welcome surprises...

In July, we shared the joy of listening to the virtuosity of the singers and musicians of the Baroque Music Festival, we crossed paths with Janouille and his troubadours, and hunted for bargains at the flea market.

In August we danced to Afro and electro rhythms, admired the fireworks, laughed and cried at the open-air cinema. We delightedly dressed up to experience this intense return to the Middle Ages, discovering with as much enthusiasm these troupes of artists who transport us through time: the organization of these Medieval Festivals was brilliant despite the stifling heat, for which the GEM is grateful!

The surprise of the season was the Symphonic Concert of the philharmonic orchestra "les enfants de la côte" with Hispanic accents and as the unexpected can happen, friends of the Verts à Pied, the "fanfareux" Zébaliz put down their backpacks for a few days with us and joyfully enlivened the village.

August ended with an evening of piano and poetry in the beautiful setting of the Grange de Piquemil.

Alongside the associations, our entire municipal team is mobilizing to try to be present at each event according to the tastes and availability of each person, but in all cases we support cultural, festive and sporting events because they make the reputation of our town and contribute to its influence.

Now, time for a colorful fall and a cozy winter!!!!... and the party continues!

OPERATION
A CHILD A TREE

One child, one tree

Since 2023, 18 trees have been planted in the plain of Coulon to celebrate the birth of children born on our commune.

We are renewing this initiative this year 2025.

We therefore invite the happy parents who would like their child to be the sponsor of a tree to contact the town hall **before October 31, 2025** so that they can register, give their authorization and specify the choice of their tree from among the following 6 species:

- 🌿 Holm oak
- 🌿 Cork oak
- 🌿 Downy oak
- 🌿 Cormier
- 🌿 Field maple
- 🌿 Rowan

Each tree will have the child's first name and year of birth mentioned.

The tree planting will take place with parents and their children on the occasion of Saint Andrew's Day.

Albié firefighters intervention

THE WORD OF THE OPPOSITION

Dear Monflanquinoises and dear Monflanquinois,

The spirit of the times makes us feel that the municipal election campaign has really started since September 1st...

Thus, the initiatives of the outgoing majority are well underway to try to prepare a "balance sheet" with the multiplication of dangerous credit investments, in this final straight line due in March 2026!

The same goes for budgetary adjustments that we discover on the evening of the Municipal Council meetings, but also many other small arrangements that are favorable to them, here and there...

We also note serious shortcomings, for example, concerning commercial proposals rejected on suitable locations which, in fact, freeze any hope of offering economic scope to the municipality.

So many missed opportunities to breathe new life into things!

New breath... towards a new impetus, which we call for with you, dear Monflanquinoises and dear Monflanquinois, to finally move towards a next saving change!

Yours faithfully,

Laurence MARQUIS, Lisanne DE JONGE, Éric SARRAZI, Philippe FURLAN.

ON THE ASSOCIATIONS SIDE
TWINNING

📅 Departure from Piraeus of the members of the twinning committee.
We will be delighted to welcome a delegation from Siphnos during Saint Andrew's Day 2025.

📅 Our firefighters responded to a massive fire in Albié. The fire broke out in the green waste and compost pile during the night of Friday 19 to Saturday 20 September.

CEMETERY INFORMATION
OF MONFLANQUIN

📅 As a reminder, **the procedure for resuming abandoned concessions**, which began in April 2024, will end in **December 2025**. To date, we have not received any feedback from people affected by these burials.

📅 Concerning the **procedure for so-called common ground burials**, the resumption work will take place before the end of 2025. This work may cause some disruption and we apologize for this.

These restoration works will meet the demands of certain residents and make these cemeteries more visually pleasing.

A quick reminder: **The inventory of all dealerships is still ongoing. We thank you for your feedback and your interest in this inventory; it is important for updating your dealership files.**

This census also concerns the CEMETERIES of **CALVIAC, CORCONAT, LABARTHE, LAMOTHE FEYT, SAINT HILAIRE and ROQUEFERE.**

We remain at your disposal for any information.
